Profile

Product Designer with over six years of experience designing intuitive, user-centred digital products across fintech, SaaS, and emerging digital platforms. I work across the full product lifecycle, from user research and concept exploration to high-fidelity design and developer handoff.

I specialise in simplifying complex systems into clear, engaging user journeys, particularly for mobile and web applications. Experienced in collaborating with UX Leads, Product Managers, Engineers, Scrum Teams, and Optimisation teams to deliver scalable, high-quality solutions grounded in research and usability.

Core Skills

- End-to-End Product Design
 - Interaction Design & UX Strategy
 - Mobile Design (iOS & Android)
 - Wireframing & High-Fidelity Prototyping (Figma)
 - User Research & Usability Testing
 - Information Architecture & Journey Mapping
 - Design Systems
 - Agile & Scrum Collaboration
 - Stakeholder Presentation & Storytelling
 - Zeplin | Adobe CC | HTML/CSS Fundamentals
-

Professional Experience

Product Designer

Writesea | Remote | Oct 2024 – Present

- Leading UX and product design for an AI digital writing and publishing platform, focusing on creating intuitive, distraction-free user experiences.
 - Designing end-to-end flows from onboarding to content creation and dev-handoff.
 - Creating wireframes, interactive prototypes, and high-fidelity designs in Figma to validate and communicate concepts.
 - Collaborating with product and engineering teams to ship AI-enabled features iteratively in agile sprints.
 - Conducting usability testing and heuristic evaluations to improve engagement and task completion rates.
 - Contributing to the evolution of the product's design system and ensuring brand consistency across web and mobile experiences.
-

Senior Product Designer

BAFTA | London, UK | Jul 2024 – Jun 2025

- Lead UX design initiatives across digital platforms from research through delivery.
 - Develop journey maps, user flows, and detailed UI designs aligned with accessibility standards.
 - Collaborate with the product team to ensure successful implementation and optimisation.
 - Advocate for user-centred design principles across stakeholders and digital teams.
-

Lead Product Designer

Carbon MFB | Remote | Nov 2022 – Mar 2024

- Designed and launched mobile financial products across iOS and Android platforms.
 - Led end-to-end redesign of savings and BNPL journeys, increasing engagement by 40%.
 - Partnered with research teams to translate behavioural insights into measurable UX improvements.
 - Maintained and extended a scalable design system used across multiple product lines.
 - Presented design strategy and rationale to senior leadership.
-

Senior UX Researcher

Carbon MFB | Remote | Mar 2022 – Nov 2022

- Conducted qualitative and quantitative research to inform product decisions.
 - Developed information architecture models and optimised onboarding workflows.
 - Delivered design iterations that improved user retention by 25%.
-

Senior Product Designer

Softcom | Lagos, Nigeria | Jul 2021 – Aug 2022

- Designed B2C and B2B2C SaaS applications with a strong focus on usability and accessibility.
 - Created mobile-first, platform-specific experiences aligned with modern UI standards.
 - Worked closely with developers to ensure implementation aligned with design intent.
-

Senior UX/UI Designer

Software Business Solution Consulting (SBSC) | Lagos, Nigeria | Oct 2020 – Jun 2021

- Designed responsive web and mobile fintech applications.
 - Conducted usability testing and iterative design improvements.
-

Education

B.Eng. Agricultural Engineering

University of Nigeria | 2012 – 2017

Human-Computer Interaction

Interaction Design Foundation | 2020 – Present

Certifications

- Enterprise Design Thinking Practitioner – IBM
 - UX Research 101 – Domestika
 - Responsive Web Design – freeCodeCamp
